SUPPLEMENTARY INFORMATION: EO 12898 mandates that each Federal agency, to the maximum extent practicable, make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies and activities on low-income populations and minority populations. An integral element of each agency's efforts to attain this goal is the development of an agencywide environmental justice strategy. NASA has requested that the National Environmental Justice Advisory Committee be afforded an opportunity to review and comment on the Agency's draft strategy before the NASA Final Environmental Justice Strategy is developed and issued. Similarly, to satisfy the intent of section 5-5(a) of the EO, public comments received will be taken into account in formulating the Agency's final strategy.

Associate Administrator for Management Systems and Facilities.

Also, a new line has been added to the Investment Schedule, under the Miscellaneous section, for the amount of *investment in mortgage derivative products that are defined as high risk securities* per NCUA's Interpretive Ruling and Policy Statement 92-1.
